

STUDENT HEALTH SERVICES AND REQUIREMENTS
(Parent/Guardian Opt-Out of Eye Screening)

Dear Parent/Guardian:

The Republic R-III School District provides eye screening for students because accurate vision is important for students to be successful learners. The screening methods used by the district have been recommended and approved by the Missouri Department of Health and Senior Services (DHSS).

Missouri law requires all public school districts to perform an eye screening on students at least once before the completion of first grade and again before the completion of third grade. If you would like your student excused from this screening requirement, please complete the following information and return it to the district.

Parent/Guardian Opt-Out of State Eye Screening Requirement

I, _____, [print name] as the parent/guardian of
_____, [print student's name] want my student
excused from the state eye screening requirement.

Signature of Parent/Guardian
