### THIS IS NOT A COME-AND-GO EVENT

- Your student will get maximum benefits from the orientation if he/she is able to attend the ENTIRE event from 3:00-6:30pm. We understand transportation may be difficult during this time frame, so if bringing your student late is your only option, then please bring him/her late. We would prefer your student get as much as they can, versus nothing at all.

Please understand that due to the scheduling of facility space, faculty members, and student leaders, we are **unable to offer an alternative date**. If you and/or your student are not able to make it, we encourage you to attend Open House the following week.
