**SIS Parent Portal Enrollment Form**

**Student Name(s):** \_\_\_\_\_

---

The Republic RIII School district has implemented a new optional service for parents called SIS Parent Portal. Through this web-based system, you will be able to view a variety of student record information about your child. Please fill out this form and return it to your child's school office if you are interested in using this Web based information system. Please note that you will need a modern computer with Internet access to use the Parent Portal system, and the district is not responsible for making sure that the system works on computers not owned by the Republic RIII School District.

Information for your child is available only with a password and all passwords are only distributed through email. It will be your responsibility to keep this password private, and district personnel cannot issue any passwords via phone conversation. Passwords will not be issued to school children. You must have an e-mail address and Internet access to view your child's records in Parent Portal. If a password is lost or forgotten, parents must resubmit this form and request a new password.

Please provide the email address that you would like used for student information notifications. You may provide separate email addresses for two parents/guardians. Each parent wishing to obtain access must sign this form below.

I understand that it is my responsibility to protect my SIS Parent Portal password. I will not share my password with my children or any other individual not legally entitled to view my child's records. I understand that the Parent Portal web access system is offered as-is with no guarantee of service, and that the Republic RIII School District is not responsible for interruptions in or problems gaining access to this service. The SIS Parent Portal service is hosted entirely by Tyler Technologies, Inc., who is solely responsible for all technical support and for content hosted on their servers.
