Grades 6-12 Student Technology Plan

2021 - 2022

Every student in grade 6-12 will be issued a take home device as part of the RepMO Ready plan. Our goal is to provide a digital learning device to all secondary students for use both at school and at home. Students are responsible for the care of their assigned device at all times, both at school and home. The district strongly encourages families to purchase an Accidental Damage Protection Plan explained below.

District devices will be distributed at the beginning of each school year and returned during the final month of school to assess their condition and prepare them for the next school year. If a student transfers out of the district during the school year, the device must be returned at that time. If a student fails to return the district device at the end of the school year or upon the date of withdrawal, that student's parents/guardians will be responsible for payment for the device.

Republic Schools will be responsible for repairs or replacement of devices that malfunction due to normal circumstances. The parents/guardians of students are responsible for any repair or replacement costs of the device due to student misuse, accidents, or theft. Below you will see the repair and replacement costs for the most frequently occurring issues.

Repair and/or replacement costs:

- Broken/cracked screen - \$190
- Keyboard/keys - \$25 keyboard; \$5/key
- Lost/damaged charger - \$25

All repairs must occur by Republic School District personnel. Outside vendor parts and/or repairs will not be accepted.

Accidental Damage Protection Plan (ADPP)

The district strongly encourages all families to purchase an Accidental Damage Protection Plan (ADPP) PRIOR to students taking devices home. When the cost of repairs is less than the ADPP payment, parents can opt to pay for the repair rather than implementing the ADPP for a minor repair. ADPP does not cover intentional damage as deemed by district administration and the Technology Department.

ADPP can be purchased: (Deadline for beginning of year payment is August 31st*. After that, the deadline is prior to the device going home.)

- Online using RevTrak: <https://republicschools.revtrak.net>
- High School - Student Information Day, Open House, Main Office
- Middle School - Open House, Main Office

**Any damage that occurs without ADPP payment will incur full cost for repair or replacement of device.*

The following chart outlines the ADPP and its coverage.

Republic Schools Grades 6-12 Technology Plan

As the parent/guardian of the child listed below, it is indicated by signature that the technology usage procedures detailed here and listed in the student handbook (found at republicschools.org/mshandbook or republicschools.org/hshandbook and printed copies are available at building offices) have been read, are understood and will be followed during the 2021-2022 school year.

If I have any questions, comments, or other input about the aforementioned information, I agree to contact my child's school building.

Please read the information below carefully and check the applicable boxes.

In particular, please note that your signature indicates your acknowledgement and understanding of the below procedures:

- Student technology usage agreement (republicschools.org/mshandbook or [/hshandbook](http://republicschools.org/hshandbook))
- Grades 6-12 technology plan (this document)
- RepMO Ready Parent Information Video (republicschools.org/repmoready)

Accidental Damage Protection Plan:

- I plan to purchase the ADPP for this student (Note: ADPP will not go into effect until purchased.) ADPP can be purchased online using RevTrak: <https://republicschools.revtrak.net>
- I DO NOT PLAN to purchase the ADPP for this student. By choosing this, I understand that I am responsible for all costs associated with damage caused by my child or loss of this device.

If you do not wish for your student's device to go home, please contact the building main office.
